

Errata in relation to Princes Risborough Phasing Tests 2019

List of errata

Figure 11. Modified Scenario 3 – Flows at Shootacre Lane is subject to the following errata:

- The previously published version (Princes Risborough Phasing Tests 2019 – main report) showed Modified Scenario 3b flows without Culverton Link at AM peak hour, and with Culverton Link at PM peak hour, even though the figure reference was stated correctly.
- This document shows the correct figures for Modified Scenario 3 for either AM and PM peak times.
