

WYCOMBE DISTRICT COUNCIL

REGULATIONS FOR THE MANAGEMENT OF THE HIGH WYCOMBE CEMETERY

Made under S214 and S266 of the Local Government Act 1972 and the Local Authorities' Cemeteries Order 1977

INTERPRETATION

1. In these Regulations:-

"the Council" means Wycombe District Council acting as the Burial Authority for the said District;

"the Cemetery" means the Cemetery provided by the Council at Hampden Road in the said District;

"the Cemetery Officer" means the person for the time being appointed by the Council to be in charge of the Cemetery and to act as Registrar thereof.

"Lawn Section" includes sections K1, K1M, K2, L1, L2, M1, M2, M3, N1 and N2.

"Ashes Section" – LU and MD.

"Old Section" includes sections A, B, C, D, E A1, A2, B1, C1, D1, E1, F1, G1, H1, H2 and J1

"Snowdrop Garden" includes sections SD1, SD2, SD3, SD4 and SD5

ADMISSION TO CEMETERY

2. The Cemetery will be open from 9.00 am and close at **9.00 pm Or Sunset (Whichever is earlier) from February to October inclusive, and close 4.00pm from November – January (Inclusive)** including weekends and public holidays.

The Council reserves the right to close the Cemetery at any time without prior notice and limit the entry of any persons.

CONDUCT IN CEMETERY

3. All visitors must conduct themselves in a quiet and orderly manner. The Cemetery Officer has full power to exclude or remove any member of the public at their discretion.

It is an offence for a person to wilfully:-

- Create any disturbance in the Cemetery;
- Commit any nuisance in the Cemetery;
- Interfere with any burial taking place in the Cemetery;

- Interfere with any grave, vault, tombstone or other memorial, or any flowers or plants in any such manner;
- Play any game or sport in the Cemetery;
- Enter or remain in the Cemetery when it is closed to the public, unless authorised by the Council to do so. Persons who contravene these provisions shall be liable to prosecution.

Vehicles must not exceed 10 mph in the Cemetery grounds. The Cemetery Officer may exclude any vehicle which may be considered unsuitable.

All visitors to the Cemetery must keep to the roads or paths, except whilst visiting a grave.

No children under twelve will be admitted except under the care of a responsible adult.

No cycling is permitted in any part of the Cemetery.

No dogs, except Registered Assistance dogs, may be taken into or allowed to enter the Cemetery.

The permission of the Cemetery Officer shall be obtained before carrying out any photography in the Cemetery.

INTERMENTS

4. Except on the production of the certificate of a Coroner or Medical Officer of Health that immediate burial is necessary on the grounds of public health, interments shall not take place on Sundays or Public Holidays.

All notices of interment must be given on the Council's printed form and this notice must be properly completed. Responsibility for error therein must rest with the person giving the notice. No order shall be taken for an interment in a grave in which the exclusive right of burial is intended to be purchased, unless the name and address of the person to be registered as owner be supplied at the time, upon the same form.

The Notice of Interment must be delivered to the Manager so as to allow a minimum:-

- (a) in the case of vaults and brick graves 3 full working days; and
- (b) in the case of all other types of graves 2 full working day prior to the interment (short notice burials are accepted at the discretion of the Cemetery Officer)

Saturdays, Sundays and Public Holidays shall not be counted as working days.

If circumstances are such that a particular interment is not convenient or practicable the Cemetery Officer shall forthwith notify the person giving the grounds of their objection and such interment shall not take place except on such day and at such time as may be approved by the Cemetery Officer.

A Certificate from the Registrar of Births and Deaths, a Coroner's Order for Burial or in the case of a still birth a Certificate of the Registrar of Births and Deaths showing that they have registered the stillbirth, or that they have received official notice of the stillbirth, or a Coroner's Order for the burial, must be delivered to the Cemetery Officer, being the person effecting the disposal of the body prior to the interment.

Notice for the interment of cremated remains should be accompanied by the Certificate issued by the Crematorium where the cremation took place. Wycombe District Council will not inter ashes without this certificate.

Where ashes are placed in a plot intended for coffin burials then the right to further coffin burials will be lost. Further ashes burials may take place as space allows. It is recommended that anyone wishing to take this option discuss the issues first with the Cemetery Officer to make themselves fully aware of any implications.

EXCLUSIVE RIGHT OF BURIAL

5. Whilst ownership of an Exclusive Right of Burial for a grave **does not give any ownership whatsoever in respect of actual land**, it does give the owner of the Deed the right to:-

- Be buried in that grave (where space is available).
- Authorise further burial(s) in that grave (where space is available), or the interment of cremated remains in that grave.
- Erect or place a memorial on that grave subject to the Rules and Regulations of the Council relating to this matter.
- Have a replacement memorial or inscriptions/additional inscriptions placed on a memorial on that grave subject to the Rules and Regulations of the Council relating to this matter.

Note: Possession of a Deed of Grant does **not** necessarily give the person in possession ownership of Exclusive Right of Burial. Where the owner is deceased, subsequent ownership depends upon whether or not the deceased person left a valid Will. The law concerning this matter can be very complex and it is strongly advised that a Solicitor be consulted to establish new ownership. Ownership of a Deed may also be transferred or assigned on payment of the appropriate fee by use of a transfer form (Declaration, Indemnity and Application in respect of the transfer or assignment of an Exclusive Right of Burial) obtainable from The Council Offices at Queen Victoria Road.

NB. The Deed of Grant, like any other Deed, is an important document and should be kept in a safe place along with any subsequent transfers of ownership.

On the purchase of the Exclusive Right of Burial in a grave, a Deed of Grant shall be issued to the purchaser whose name shall be registered.

N.B. The parents of children or stillborn babies buried in the Snowdrop

Section at the Cemetery may **not** purchase the Exclusive Right of Burial.

The Exclusive Right of Burial shall extend for 50 years from the date of purchase. Rights may be extended for further periods of 15 years on payment of the fee then applicable.

[Change of address of the holder of the Deed should be notified to the Council at Queen Victoria Road.](#)

The transfer or assignment of a Right of Burial in a grave **must** be authorised by the Council who will enter the transfer in the Register of Grants maintained upon the production of the Deed.

BURIALS

6. Burials shall not normally take place before 9.00am or after 3.30pm (Earlier in the Winter) Monday to Saturday. Burials are not permitted on Sundays or Bank Holidays

GRAVES

7. The selection of sites of all graves is to be decided by the Cemetery Officer.

All graves are to be dug or excavated by or under the direction of the Cemetery Officer. Coffins must be of a material and design approved by the Council.

All turfing of graves will be carried out by the Council allowing a suitable period for settlement following an interment, and the Council will also undertake the maintenance of all grass areas.

The Council reserve the right to prune or remove any tree or shrub planted on a grave space that has in the opinion of the Cemetery Officer become unsightly.

Any monument, memorial, stone, shrub, plant or item whatsoever erected or placed in the Cemetery in contravention of these Regulations may be removed by the Cemetery Officer at any time without prior notice.

The use of glass jars, bottles, plastic containers and artificial flowers is strictly prohibited.

CREMATED REMAINS

8. **The scattering of cremated remains is NOT permitted.**

Urns or approved receptacles containing cremated remains may be interred in the ashes sections or in a private grave if space is available and subject to approval by the Council and the payment of the prescribed fee.

MEMORIALS

9. Monuments, memorials or tablets may only be placed or erected on graves where the Exclusive Right of Burial has been purchased and shall not be

placed or erected without the issue of a memorial permit and the approval of the Council.

A completed memorial application form signed by the grave owner (the owner of the Exclusive Right of Burial) and the memorial mason must be submitted to the Council. This must contain a dimensioned illustration / picture of the memorial and the proposed written inscription and any other details. The inscription must include the full known names of those interred as shown on the death certificate.

All memorials must be of natural stone.

No memorial may be erected or inscription added without the Council's written approval in the form of a permit which will be issued to the memorial mason on payment of the appropriate fee. This permit must then be produced to the Cemetery Officer **before** work is begun.

Additional inscriptions can only be added with the written approval of the Council and the payment of the appropriate fee.

All installation of and works carried out to memorials must conform to the National Association of Memorial Masons (NAMM) Code of Working Practice 2003 or any subsequent revisions thereto or BS 8415 Monuments within burial grounds and memorial sites.

The section and number of the grave shall be cut by the memorial mason at the expense of the owner on the side of all memorials so as to be clearly visible when erected.

On completion of the fixing of a memorial a signed and dated copy of the original permit completed by the person who fixed the memorial must be submitted to the Council within ten working days.

Following installation all memorials will be inspected and where appropriate tested using a "Topple Tester" to a pressure of 350 N / 35kg.

Any memorial failing the topple test must be repaired at the owners expense in accordance with NAMM / BS 8415 guidelines and will be tested again to make sure it conforms. If the memorial fails the topple test the Council reserves the right to make it safe.

A wooden cross or other appropriate wooden marker may be erected **temporarily** to mark a new grave and shall be allowed for a period not exceeding 12 months from the date of interment. Such a temporary memorial will only be allowed on a grave where the exclusive right of burial has been purchased and prior written consent has been given.

All crosses must be hardwood and conform in location and size to the regulations for the section on which they are placed.

The Council reserves the right to remove any wooden cross permitted by this regulation following the expiry of twelve months.

The council reserves the right to inspect, test and make safe **all** memorials in the cemetery.

All persons at work in the Cemetery in connection with graves, monuments or otherwise

- (a) Shall comply with all reasonable directions and requirements of the Cemetery Officer.
- (b) Shall only work during normal working hours of the Council.
- (c) Shall remove from site all dirt and rubbish and leave all sites in a clean and tidy condition.
- (d) Shall notify the Cemetery Officer before starting work and shall, if required, deposit £100 with the Cemetery Officer to be returned upon these Regulations being fully complied with.

No memorial or part of a memorial may be removed from the Cemetery without the prior approval of the Cemetery Officer. Any memorial removed in the process of opening a grave shall be removed at the risk and expense of the person requiring the grave to be opened.

Any memorial taken down for any purpose must be removed from the Cemetery.

All memorials erected within the Cemetery shall be kept in good repair by and at the expense of the owner. Once installed it is recommended that the owner engages the services of a memorial mason to carry out regular maintenance. The Council reserve the right to make safe or to repair any memorial which is allowed to fall into disrepair or become unsightly or dangerous.

Where a memorial or other item on a grave, either through its condition, materials used, or manner of construction, has been identified as posing a risk, the Council has the responsibility under Health & Safety legislation to reduce that risk. This may mean that the item has to be removed or a memorial laid down on the grave, where it will pose less of a risk. The Council will always seek to contact grave owners to notify them of the action taken and why. For this reason, grave owners are requested to keep the council advised with regards to any change of address. In cases where the name and /or address are not known, a notice shall be deemed to be properly served if placed upon the grave space, monument or memorial. If any necessary repairs are not carried out within six months of the date of the notice, then the memorial may be removed and disposed of by the Council.

REGULATIONS RELATING TO LAWN SECTIONS

10. Grave spaces shall have the first 600mm (23.4 inches) from one end (to be determined by the Cemetery Officer) for the erection of a memorial in accordance with these regulations.
