

Stage 1: Scope of the Equality Assessment

**** NB. It is important that your Equality Champion (See Corporate, Equality and Safeguarding on WySpace for a current list) is aware that the EA is being undertaken, and is kept updated throughout the entire process ****

EAs are designed to be proportionate and relevant and thus the time spent completing the EA and the depth to which the questions are answered need to reflect the size and importance of what is being assessed

Your Equality Champion can help with completing the EA if necessary, or [guidance](#) can be found in the Documents section of the Equality and Safeguarding page on WySpace (via the Corporate tab)

1. What is being assessed? (Title or description of the policy, strategy, service, function (this includes reports to Cabinet as appropriate)).

And who implements this policy, strategy, service or function?

Changes to disabled (blue badge) parking provision in Frogmoor. BCC is the Highway Authority. WDC is promoting the scheme.

2. What is the purpose? (A short statement about its aim or objectives)

To help regenerate Frogmoor changes to the parking and waiting orders are being promoted. These include additional parking provision available to all users which is seen as important to attract visitors to this area of town.

3. Who is affected? (The people it covers)

Blue badge holders.

4. Are there any other organisations involved in delivery? (Other agencies, Voluntary sector) If so, please list them.

BCC

5. What are the external drivers for change? (i.e. Legal, National Policy, Partnership, etc)

Frogmoor is an area that is in need of regeneration and more visitors, thereby supporting the overall offer of the town centre.

6. Does / could the service, the way you implement it, or the potential change directly affect any of the protected characteristic groups (public, Members or staff)? See Appendix 2 of the [Equality Framework](#).

No. Whilst the proposals will result in one less blue badge space in this area, three spaces will remain available to users. In addition at least 14 new spaces will be provided, any of which may be available for use by blue badge holders. Elsewhere in the town centre at Pauls Row the number of blue badge spaces is being increased from two to three, so overall the number of blue badge spaces is constant, whilst there will be new opportunities to park

that will also be available to blue badge holders. Within the Frogmoor area around 17% of spaces will be for blue badge holders which is well in excess of the provision that would be expected in a new development or off st car park (between 3 and 10%)

There are a considerable number of disabled parking spaces in off street car parks, and in WDC operated car parks these spaces are available free of charge.

Changes to the configuration of the blue badge spaces are also being considered (as part of the process of making traffic regulation orders) to ensure that the different access needs of blue badge holders with different disabilities are catered for as far as possible. This may result in one space being provided parallel to the kerb rather than in echelon.

7. Does / will it affect how other services are provided?

No

8. Is there information e.g. survey data or complaints that suggest that it will / is affecting particular groups of people who share a protected characteristic? If so, how?

No but discussions have been held with groups representing those with disabilities. Any reduction in blue badge spaces is not supported, however taking account of the provision at Pauls Row the number of spaces overall is the same. The configuration of spaces at Frogmoor includes some improvements for blue badge holders which is welcomed.

9. Does it have employment implications? (e.g. Recruitment policy)

No

If you have answered 'yes' to one or more of questions 6,7,8 or 9 you will probably need to carry out a full Equality Assessment immediately.

10. Using the assessment in Questions 6-9 above, should a full assessment be carried out at this time?

NO

11. If you have said NO what is the justification for your decision? (Please provide details. e.g. a top level assessment may need to be carried out now to meet Cabinet requirements but enough information for a full assessment isn't available at this time). If so a due date for the completion of the full EA **MUST** be provided

As set out in section 6 this is not considered to be a material change that directly affects any of the protected characteristic groups.

If the answer to Q10 is 'yes' continue with stages 2-4. Head of Service sign off will be required after Stage 4 only and a **Word electronic copy** should be returned to the Equality Officer for publication.

If the answer to Q10 is 'no' the EIA will need to go through the **challenge process** to ensure that no further stages are required either at this time or ever, and needs to be sent to Claire Hook, Equality Officer for discussion and possible further explanation at claire_hook@wycombe.gov.uk. Then, if following the challenge process

a) it is agreed with the Equality Officer that no further Stages need to be completed the Head of Service needs to sign off the assessment (below) and return a Word electronic copy it to the Equality Officer for publication.

OR

b) it is agreed with the Equality Officer that Stages 2-4 need to be completed there is no need for Head of Service sign off until Stages 2-4 have been completed at which point a **Word electronic copy** should be returned to the Equality Officer for publication.

12. Who undertook this assessment?

Name: John Callaghan

Job Title: Team Leader (Environment and Infrastructure)

1. Please state what you have done **to date** to take into account the needs / promote service for each of the relevant protected characteristics with respect to this policy / procedure / function / review. (Include here past actions that have benefitted specific groups. E.g. in the past you may have undertaken work to benefit a particular group who may, therefore, be excluded from this new piece of work, and this needs explaining. This section is therefore not always applicable).

Age, Disability, Gender, Gender reassignment, Religion / Belief, Sexual orientation, marriage / civil partnership, Pregnancy / maternity (See Appendix 2 of the [Equality Framework](#))

2. From the information above and the description of your service state the likely positive and negative impacts for each protected characteristic. (This relates to the **proposal currently being assessed**)

Also consider the wider impact - whilst low income isn't a protected characteristic in itself it might be highly relevant to the area being assessed. For example: older or younger people may well have a lower income than the middle aged population, and people with disabilities are more likely to be out of work or paid less than the general population, as are those from an ethnic minority background. And, currently, there are more single mothers than single fathers and this may mean a lower income.

Age, Disability, Gender, Gender reassignment, Religion / Belief, Sexual orientation, marriage / civil partnership, Pregnancy / maternity (see Appendix 2 of the [Equality Framework](#))

Again remember to include any actions in Stage 4 as necessary.

3. Which negative impacts are:

- a) Unavoidable? Please explain your answers and ensure an action is included in Stage 4 to mitigate these wherever possible

Stage 4: Monitoring (Publication and Review)

1. Please state the actions you will take to promote equality or to address any adverse impact highlighted in the Stages above

Equality Improvement Plan (EIP)

Equality Target (see note below)	Equality Action (see note below)	Intended outcome (see note below)	Deadline for completion this MUST be included – on-going is not acceptable	WDC officer responsible	Job Title	Review date (see note below)

Equality Target

Intended outcome relates to how the results of the action will be used. (for eg. If you have an action to consult please provide an intended outcome that shows what you will use the information gained for, and how this will make a real-life equality improvement for people).

Equality Action

Many actions may work towards one target. (e.g. i) devise pre-evaluation process, ii) devise post-evaluation process, iii) implement evaluation, iv) collate findings & make recommendations)

What actions are you taking towards this target and how will success against the action be monitored?

Intended outcome

Relates to how the results of the action will be used (e.g. for an action to consult provide an intended outcome showing what you will use info. for and how this will make a real-life equality improvement for people).

This should link to:

- any information you still need to obtain - Stage 2
- any impacts you are attempting to mitigate, or achieve - Stage 3
- how it contributes to the Equality Act General Duties - Stage 3

Review date

Date when we can review expected progress as a result of changes made (e.g., dependant on the nature of the action this may be 3 ,6 , 9 or even 12 months after the action has been completed)

NB you will be required to provide quarterly updates on these actions to your Equality Champion until they are completed.
