

# Community Cop Cards sticker information:

## Faith

**Purpose-** This sticker is designed to encourage the children to find out more about other faiths and promote multi-culturalism.

**Approach-** The idea is to allow the children to explore other religious establishments and help promote further understanding and acceptance.

**Tasks to complete to receive the sticker-** The class may either visit a faith establishment or invite representatives to visit the class at school. For those schools who are from already part of a religious establishment, this is a great opportunity to allow the children to learn about other religions and their views.

**Resources to use-** The teachers have all the details of how to organise this.
