

Community Cop Cards sticker information:

Personal Safety

Purpose- This sticker is designed to help raise awareness of ways that children can keep themselves safe and protect them from harassment, bullying and becoming involved in crime.

Approach- The Safe! Project, with the support of the Police and Crime Commissioner, have produced a number of interactive workshops to help young people to understand the effects of bullying and what individuals can do to help keep themselves safe both in school and whilst out in the community. The resources can be adapted to meet the needs of individual schools.

Tasks to complete to receive the sticker- The class will need to have completed a one hour interactive workshop which is based on the Protective Behaviour models two overarching themes:

1. Everyone has the right to feel safe all of the time
2. There is nothing too small or too awful that we can't talk to someone about it

By the end of the workshops the class should be aware of the effects of bullying, how to respond to their early warning signs and how to use their network of support in order to stay safe.

Resources to use- Visits by Safe! will be arranged by the teacher.
