

# Community Cop Cards sticker information:

## Sustainable Travel

**Purpose-** This sticker highlights the importance of journey planning to students moving up from Primary to Secondary School. It covers the potential effects of journey planning on the environment.

**Approach-** Can they walk or cycle to school instead of using their family car? Teachers could use the walk to school week in May to see if pupils can walk or cycle to school.

**Tasks to complete to receive the sticker-** The statistics gained from this week could be used in their media work. They could learn about their carbon footprint or their families.

**Resources to use-** This sticker is going to be at the teacher's discretion; a class project, a homework assignment, encouraging them to participate in a scheme.

As this is a community scheme we would prefer that children be encouraged to participate in Walk to School Week, which takes place 21<sup>st</sup>-25<sup>th</sup> May 2018.
