

GLKNP1 Alan Ricketts

My question is,

A) when very approximately will the railway bridge at the junction A4010/B4009 be replaced?

B) Also road widening on the B4009, same junction as above back to Mill Lane?

None of the paperwork I've read actually mentioned a date, merely up to 2033. That's a long time away.

I actually live right on the B4009 at Great Kimble and the traffic is already horrendous before work even starts on the widening of this stretch.

Because of our properties location I'm extremely interested in how the road widening will impact on my house, and what measures will be taken to mitigate the noise levels and speeds on this stretch of road.
