

## **Matter 8 Written Statement – Mr Timothy Chettle (0261)**

Matter 8 Question 1(a). Further development of Princes Risborough and the surrounding area, beyond even that envisaged in the current plan, is inevitable as more housing will be needed to cope with demand. A By-Pass option will be far better suited to handle the growing vehicle numbers from all of this development. The current favoured option of using Summerleys Road as a Relief Road is considered short sighted and driven purely by lowest cost considerations rather than fit for purpose / future proofing considerations.
