

Statement of Consultation - Appendix 16

Bodies and individuals invited to make representations at regulation 19 stage

Bodies and individuals invited to make representations at regulation 19 stage

Consultation Database

In addition to the duty to cooperate bodies, specific consultees bodies and general consultees bodies contacted at regulation 19 stage (see below), those residents, businesses and other organisations (planning consultants, housebuilders etc.) on the planning consultation database¹ were invited to make representations under Regulation 19.

Contacts for each of the bodies invited to make representations under Regulation 19 are held on a bespoke Planning Consultation Database, which also contains several hundred businesses (planning consultants, local businesses, and housebuilders) and individuals that have requested to be registered on that database and wish to be informed of Local Plan consultations.

Duty to Cooperate bodies
