**If appropriate, please set out what further change(s) to the consultation draft you consider necessary. It will be helpful if you are able to put forward some suggested revised wording.**

Para 3.8.2 Vehicular Access, Page 89: New Relief Road  
"Provide a new relief road as a complete alternative route to the A4010 as part of the development (PR8)." I object to this proposal as it does not meet PR8. I suggest you simply use the PR8 wording which is: "The Council requires development within the expansion area to provide and secure new road infrastructure in the form of a complete relief road round the town, to be established and classified as the main A4010."  
Section 3 should also recognise PR12, para 5.3.180 and in particular Figure 33 which shows an imposed 3.5t weight limit on the existing A4010. So the Relief Road through PREA (reclassified as the A4010) should be the only available route for vehicles weighing in excess of 3.5t. I suggest the SPD is amended to reflect this requirement/stipulation.

(Please continue on a separate sheet/expand box if necessary)
