2. Please use this box to set out your comments on the Supplementary Planning Document consultation draft, setting out clearly if you support or object to the proposals and the reasons for your position.

If appropriate, please set out what further change(s) to the consultation draft you consider necessary. It will be helpful if you are able to put forward some suggested revised wording.

All housing estate roads and the relief road should have speed limits of 25 mph, homes are right next to the relief road, traffic is likely to be heavy, to mitigate the disastrous effects of poor air quality affecting residents health the speed limit should be lowered to 25mph until clean energy transport has been widely adopted. Otherwise the planners are making what was previously a clean air area into a contaminated atmosphere and then expecting people to live there.

Tree canopy cover should be no less than 30% cover - this is the minimum recommended for good health according to a consultation done by WDC a few years ago. If Risborough is going to have to have so many homes as the South of the county s unable to accommodate them, then at least put healthy levels of tree canopy in the plan.

(Please continue on a separate sheet/expand box if necessary)
