There is a lot of analysis of the environmental qualities of the area and a Wildlife Advice Notice for developers, but limited legal obligations. Will WDC ensure that there will be adequate provision of funding/Planning staff to monitor the developments of landscape and wildlife provision, ensuring that developers carry out mitigation as agreed at Planning? In the redevelopment of the Old Post Office in town the developer omitted the swift nest boxes required as part of planning conditions, until it was picked up by a local resident. Landscape and wildlife budgets are always the first to be cut when budgets get tight.
