2. Please use this box to set out your comments on the Supplementary Planning Document consultation draft, setting out clearly if you support or object to the proposals and the reasons for your position.

If appropriate, please set out what further change(s) to the consultation draft you consider necessary. It will be helpful if you are able to put forward some suggested revised wording.

I most strongly object to the proposal to convert Shootacre Lane and Picts Lane into a by-pass for the established A4010 route through Risborough. These old semi-rural roads show an abundance of character and history , having (until recently in Picts Lane) had relatively little change in many decades. The passage of increasing traffic volume along these roads will destroy the locality , while the existing A4010 will not achieve any significant improvement as a lot of traffic will continue to use it. It seems particularly irresponsible to propose an interim period when a greater length of Shootacre would be permanently damaged, only to have another route and more environmental destruction created later anyhow, presumably just to delay expense. Maybe not appropriate in this response form, but I also record my strong disagreement with the proposal to destroy the unique character and attractiveness of Princes Risborough with this vast new housing estate.

(Please continue on a separate sheet/expand box if necessary)
