Dear Linda

I note your latest letters of 1 November.

As I said in my last letter to you of 19 October we are not in a position to enter into detailed correspondence answering questions either on the new Local Plan or the Princes Risborough Town Plan. I set out to you in that letter all the ways the Council has engaged with the public, RARA's involvement in the Steering Group, and the number of meetings that we have had with you to bring you up to speed and answer your questions. I said we are prepared log your two letters of 6 and 17 October as late representations on the Princes Risborough and Local Plan, and consider them through that process as we make final recommendations on the plans.

I want to take this opportunity to remind you that in that letter I said we cannot accept any further representations from RARA as this would be unfair to others, so we will not be accepting these latest letters or any others you plan to send. I had hoped that I had been quite clear in my last letter, but, for the avoidance of doubt, we will not be entering into any further correspondence with RARA on these matters at this stage.

If you think that there would be some value in discussing these and other matters at future meetings of the PR Steering Group, then can I suggest that you make your proposals to Cllr Matt Walsh as the Chairman for his consideration.

Yours sincerely
