

WYCOMBE
DISTRICT COUNCIL

Issue 05/2019

Planning Bulletin

07 February 2019

In the bulletin this week:

- Local Plan proposed modifications
- Scattered Business Sites – marketing advice note
- Reminder: Heathrow Airspace and Future Operations Consultation
- Bulletin Circulation
- Alternative Route – more information

Local Plan proposed main modifications

The Local Plan Inspector has now given the Council a statement on the next stage of the process for the new Local Plan - proposed main modifications. This is available on the local plan examination [web page](#). The Council will be commencing the public consultation on the proposed main modifications and associated documents as soon as possible.

Scattered Business Sites – marketing advice note

A [new advice note](#) has been added to the Council's website. This note provides additional advice on marketing for applicants seeking to address the requirements of Adopted Policy DM5: Scattered Business Sites of the Delivery and Site Allocations Plan, July 2013.

Applicants looking to redevelop scattered employment sites need to take this into account with immediate effect.

Reminder: Heathrow Airspace and Future Operations Consultation

The Heathrow Airspace and Future Operations Consultation is running for eight weeks from 8 January until 11.55pm on 4 March 2019. It is seeking feedback on changes to Heathrow airspace and future runway operations.

This consultation gives the public a chance to have their say on three key areas:

- **Airspace change for an expanded Heathrow:** how they design our future airspace and the local factors they should consider in different geographic areas when designing future flight paths.
- **Airspace change to make better use of our existing two runways:** the local factors they should consider in different geographic areas when designing new flight paths for some arrivals on the existing two runways
- **Future operations for an expanded Heathrow:** how they will operate the three runways in the future, this includes managing noise; respite through runway and airspace alternation; directional preference and night flights.

Responses can be submitted online, via post, or at one of the consultation events listed on the [Heathrow consultation](#) website. See here for full information:

Bulletin Circulation

2018 has seen a number of problems with the Bulletin and Weekly List emails. At present, our mailing list is maintained in Outlook and unfortunately this is not a robust system. We find that recipients 'get dropped' from the list, without us being made aware. This is a result of complex, unresolvable technical reasons.

We are working to replace the Outlook mailing list with a purpose built alternative, that will be also be more robust in relation to GDPR.

In the mean-time, if in the future you realise you haven't received a Bulletin for a week or two, please let us know at planning@wycombe.gov.uk and we will reinstate you on the mailing list. If you hear other readers are also no longer getting it, please ask them to let us know too.

You can also view our [latest bulletins](#) on the website.

Alternative Route - more information

A key component of The High Wycombe Town Centre Masterplan is an alternative route around the town centre. For more information about the alternative route scheme visit: [website](#).
